Sun. 22nd: REST DAY

I WISH YOU AND YOUR FAMILY A MERRY CHRISTMAS!

Performance Training in Football Refereeing Weekly Training Plan

WEEK 52 from Monday 23rd of December to Sunday 29th of December Macrocycle V, week 6 (Training week 30)

For the week between Christmas and New Year, there will be a winter break in many European countries. Therefore, a training programme will not be provided. Just listen to your own body. If you require a few days of rest, take a break and enjoy your days with your family and friends. If you are willing to practice, then the goal is to practice this last week of the year at 80% HR_{max}, i.e. on Monday (Tr. 114), and Saturday ± 40 min (Tr. 116).

The medium-intensity training session on Wednesday is more intermittent. For every 5' of running, two tempo runs must be done: in the middle, a 50 m tempo run, and towards the end of the 5' period, a 100 m tempo run has to be covered. Over the 50' run, 20 accelerations have to be done, i.e. 10 of 50 m and 10 of 100 m. If you like to continue doing a functional workout of 12 minutes, then you will find some inspiration here: <https://www.youtube.com/watch?v=w6NuscjVacQ>

From the first week of January on, the training sessions will be designed over the next 6 weeks in a progressive way in such a way that the referees will be top-fit for the second half of the competitive season in the domestic leagues and the European competitions in February.

I WISH YOU AND YOUR FAMILY A HEALTHY, HAPPY AND PROSPEROUS NEW YEAR!

TAKE CARE OF YOURSELF AND THOSE YOU HOLD DEAR!
